CAREER OBJECTIVE

React Frontend Developer with 6 months of professional experience building responsive web interfaces, integrating REST APIs, and developing ERP modules using React.js, JavaScript, and Tailwind CSS. Experienced in debugging API issues and collaborating with UI/UX and backend teams.

EDUCATION

Bachelor of Engineering (B.E.) in Information Technology, **2022 – 2026**
Ahmedabad Institute of Technology - ***CGPA - 9.37*** *Ahmedabad, India*

Jay Somnath Higher Secondary School **2021 – 2022**
HSC - ***Percentage - 72%*** *Ahmedabad, India*

TECHNICAL SKILLS

Programming Languages: JavaScript, Core Java
Frontend Development: React.js, HTML5, CSS3, Tailwind CSS, Bootstrap, Responsive Web Design
API/Web Development: REST API Integration, Axios/Fetch, JSON, CRUD Operations, Form Validation, Error Handling
Developer Tools: VS Code, Git, GitHub

PROJECTS

1. **ERP Management System** | Technologies Used: React.js, Tailwind CSS, shadcn/ui, REST APIs
   - Developed reusable and customizable UI components using shadcn/ui and implemented client requirements and feature changes based on evolving business needs.
   - Integrated REST APIs for CRUD operations, handling dynamic data, form validation, loading states, and error scenarios.
2. **My PortFolio** | Technologies Used: HTML, CSS, React.js **2026**
   - Designed and developed a responsive personal portfolio website to showcase skills, projects, and achievements
   - Designed a responsive and interactive interface for an improved user experience across devices.
3. **Expense Tracker** | Technologies Used: HTML, CSS, Javascript
   - Built an Expense Tracker application with features such as income/expense management, savings calculation, transaction history in Local Storage.
   - Implemented PDF report generation for efficient financial management.

WORK EXPERIENCE

Webminds Technology Private Limited **July 2026 – Present**
React Frontend Developer *Ahmedabad, Gujarat*

- Developed responsive and reusable UI components for ERP modules using React.js, JavaScript, and Tailwind CSS.
- Implemented forms, data tables, search, filters, status management, and modal-based workflows.
- Integrated REST APIs and collaborated with backend developers to investigate API errors and resolve data-related issues.
- Worked closely with UI/UX designers and backend developers to implement requirements and improve user experience.
- Implemented form validation, error handling, notifications, and conditional rendering to improve application reliability.
- Used Git and GitHub for version control, branch management, and code collaboration.
- Participated in task tracking, progress updates, debugging, and feature maintenance.

ACHIEVEMENTS

- Received the Dewang Mehta IT Award as a three-year **Topper (2023–2025)** for academic excellence.

HOBBIES & INTERESTS

- Sketch drawing
- Creating handmade craft items
